

# Forest Officer Harvesting (NE)

## Advertisement

### About Us

Sustainable Timber Tasmania manages Tasmania's public production forest for a vast array of environmental, social and economic values. Managing these forest values respectfully, innovatively and sustainably is at the heart of everything we do. As a Government Business Enterprise, we are committed to sustainably managing the forest estate, sustainably supplying timber and sustainably growing our business. Sustainable Timber Tasmania is proud to be a recognised as a Tasmanian Employer of Choice. Our people are key to the success of the business and we invest in the development of a flexible, diverse, supportive and inspiring workplace.

### Our Values

Respect	<i>we create safe places</i>
Responsibility	<i>we take ownership</i>
Growth	<i>we create sustainable value</i>
Excellence	<i>we make it happen</i>

### Forest Officer Harvesting

Our harvesting team is seeking a candidate that enjoys working outdoors and thrives on the challenges of being a key player in a production-based environment. They must have great relationship building and communication skills and enjoy participating as part of a team. An aptitude for learning will be essential as they assist the team to deliver regional wood production plans in a safe, commercial and environmentally sound manner.

### Position Accountabilities and Selection Criteria

- Contribute to maintaining high standards of staff and contractor safety.
- Good communication, teamwork and customer service skills.
- Develop positive relationships with staff and contractors to meet goals and resolve potential issues.
- Assist with delivering work programs safely and efficiently to meet business targets.
- Prepare and implement Forest Practices Plans.
- Complete administrative tasks such as data entry and reports for work programs and to monitor compliance with business targets.
- Conduct inspection of logs at contractor landings and customer mills.

# Forest Officer Harvesting

## Skills and Experience

- Able to achieve a Certificate IV or Diploma in Forest Operations or other relevant courses or demonstrated experience in a similar position.
- Able to develop an understanding of process and functions of the forest industry.
- Skills to oversee contractor work programs to meet forest safety and operational targets.
