

Position Description Senior Forest Officer Planning

Sustainable Timber Tasmania (STT) is a Government Business Enterprise with responsibility for managing approximately 800,000 hectares of Tasmanian public production forest. As a land manager and as a provider of renewable forest products, sustainability is at the heart of everything STT does. It's the long-term future for our business and includes sustainably managing the forest estate, sustainably supplying timber; and sustainably growing our business.

ORGANISATIONAL CONTEXT

Division: Forest Products **Group:** Production

POSITION PURPOSE

The Senior Forest Officer Planning assists with the development of the regional wood production program.

Broadband Classification D

KEY COMMUNICATIONS

Internally the position liaises with:

- The Conservation Planner and Resource Planning Analyst on operational and three-year planning matters
- Sales and Harvesting, Roding, Reforestation and Fire Management Teams in compiling Forest Practices Plans
- Land and Property team for leases and licence information
- Internal Auditors

Externally the position communicates with:

- The Forest Practices Authority and specialists on matters relating to operational planning
- Stakeholders including neighbours
- Apiarists and Tourism in developing operational plans
- External Auditors
- Local Government Councils and utilities in consultation for Forest Practices Plans.

POSITION ACCOUNTABILITIES

Duties and responsibilities include, but are not limited to the following:

- Manage employee and contractor safety in accordance with work health and safety legislation, procedures, contractual arrangements and plans to achieve corporate safety goals
- Coach, mentor and provide clear direction to team members to meet agreed business objectives, address performance issues and implement performance and development plans
- Develop and implement tactical and operational projects and programs to achieve economic, social and environmental targets as set by the business in accordance with the agreed policies, processes and compliance obligations.

- Prepare, certify and implement Forest Practices Plans to the agreed standards within the agreed timelines to conduct effective and compliant forest operations
- Identify potential risks to delivering programs and provide solutions and recommendations to overcome these challenges
- Contribute to the preparation of budgets and plans for the program of work and monitor and report in accordance with the agreed guidelines
- Monitor and report on compliance with relevant Acts, Regulations and certification requirements, rectify any non-conformances and undertake operational performance and certification audits as required
- Identify and effectively respond to emerging stakeholder and community issues and implement stakeholder engagement processes to achieve planned activities and minimise potential adverse reputational or operational implications.

QUALIFICATIONS, SKILLS, ABILITIES AND EXPERIENCE

- Diploma in relevant industry qualification or demonstrated experience in a similar position
- Forest Practices Officer qualifications or its replacement as required
- Able to achieve Australasian Inter-service Incident Management System (AIIMS) or its replacement as required.

Experience:

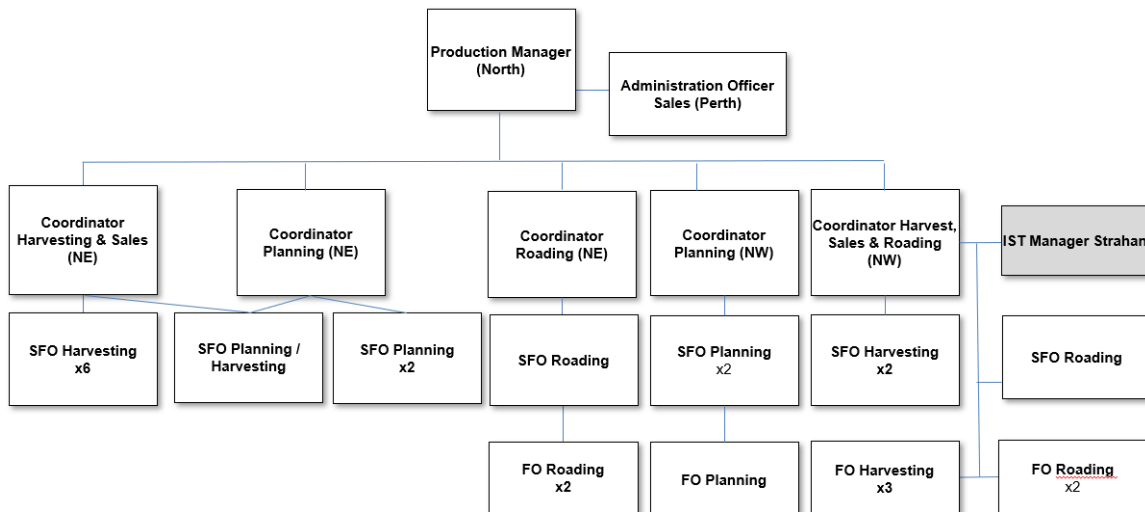

- Coaching and mentoring a small team to meet targets within agreed safety and environmental standards
- Applying and auditing forest management functions, methods and processes to meet operational compliance obligations
- Preparing and delivering contracts in a commercial environment
- Applying knowledge of relevant Codes of Practice, regulations, Australian Standards (or equivalent as appropriate)
- Learning and using computer packages and their applications.
